FOR OVER SIXTY YEARS...
FDS Manufacturing has engineered the most innovative packaging for many different types of businesses ranging from the agricultural, aircraft, automotive, electronics, furniture industries to the shipping industry.

ENVIRONMENTALLY FRIENDLY
FDS manufacturing’s industrial packaging is made from recycled paper and all of our products are fully recyclable. With that in mind, FDS Manufacturing has also installed a cogeneration turbine system that supplies some of our electricity. The system is powered by natural gas and runs independently from the electrical grid.

HIGHLY VERSATILE
FDS Manufacturing makes a wide array of products that fulfill the packaging needs of our customers: single face rolls, die cuts, three color printing, wax paper, bakery/pizza sheets, v-boards, etc.
SINGLE FACE ROLLS

**FLUTE TYPES**
- A-Flute- 3/16”
- B-Flute- 1/8”
- E-Flute- 1/16”
- Jumbo Flute- 7/16”

**ROLL SPECIFICATIONS**
- Roll widths: 3”-84” custom sizes are available upon request.
- All Single Face rolls are 250’ in length, unless otherwise stated.
- Paper weights: 30#, 50#, 70#, 126#, and 207#.
- Rolls are made with Kraft paper, bleached Kraft or White (FDA approved paper), and corrugated medium.

**SINGLE FACE OPTIONS**
- “Seal Shield”- A cohesive single face that sticks to only itself, not the product the single face is protecting.
- “HiFlex”- scored every 1/4” across the flute to provide for increased flexibility. Only available in B-Flute.

**OTHER ROLL OPTIONS**
- “Spot Seal”- A non-corrugated paper coated in a cohesive coating that only sticks to itself, not the product that the paper is protecting. These rolls are made with 50# Kraft paper and are 600’ in length.
- Wax Paper- Kraft rolls, 1,470’ in length. Made with #1 Paraffin wax.

**PRINTING**
- FDS Manufacturing provides two color printing on either the corrugated side, the facing sheet, or both.
- Maximum print width is 60”
SINGLE FACE SHEETS

**SHEET SPECIFICATIONS**

- **A-Flute**: 3/16” flute height, Max Sheet Size: 72” x 144”
- **B-Flute**: 1/8” flute height, Max Sheet Size: 84” x 144”
- **E-Flute**: 1/16” flute height, Max Sheet Size: 60” x 144”
- **Jumbo Flute**: 7/16” flute height, Max Sheet Size: 60” x 144”

**SHEET OPTIONS**

- **Paper Types**: Kraft, bleached Kraft (White), and corrugated medium
- **Paper Weights**: 30#, 50#, 70#, 100#, 126#, and 207#
- **Coatings**: Water proof and cohesive or “Seal Shield”
- **HiFlex**: Scoring every 1/4” for added flexibility.
- **Die Cutting**: numerous shapes and sizes of die cuts are available.
- **Printing**: Two color and the maximum print width is 60”.

SINGLE FACE PIZZA SHEETS

THERE'S NOTHING LIKE OPENING A PIZZA BOX... and seeing a perfectly made pizza. Only to be spoiled when you pick up the first slice and grease has soaked into the dough, making it soggy and unappetizing. That's where the F-D-S pizza sheet comes in.

-Our pizza sheet is made with a FDA approved, bleached kraft (white) paper.
-The F-D-S pizza sheet has a FDA approved, water proof coating applied to the corrugated side of the sheet.
-These sheets only come in B-Flute (1/8” flute height).
-With multiple sheets sizes, F-D-S will have a pizza sheet that will work for your application (custom sizing maybe available, please call for addition information).

**Water Proof Coating**

F-D-S Manufacturing Company

“Manufacturer of Paper and Plastic Packaging”
PROTECTING YOUR CROPS FROM THE ELEMENTS

Titan tents are small “greenhouses” that protect seedlings from the elements. Titan tents will keep out pests, shield from frost, provide shelter from heavy rains, etc.

Coated in a wax, our translucent paper that provides for extra “wet” resistance.

Constructed with two wires for rigidity and extra strength kraft tape for durability.

F-D-S has two types of Titan tents:

- **AHM-17 (M-17)**: 12” x 14-3/4” x 10-1/2”
- **AHP-15 (P-15)**: 10-1/2” x 12” x 9”
