

V-PAK

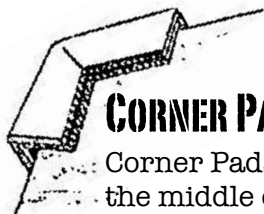

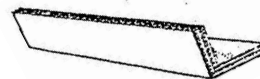

V-Pak is a simple, yet effective, concept in laminated single face packaging protection. V-Pak is a strong, eco-friendly, economical, lightweight, and easy to use product that absorbs impact and guards your item from the harsh treatment that is prevalent in shipping today.

ANGLE PAD:

Angle Pads fully protect edges and corners when applied as illustrated (see picture, right), giving required clearances at the top and sides of the cabinet.

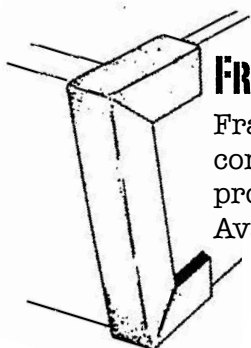

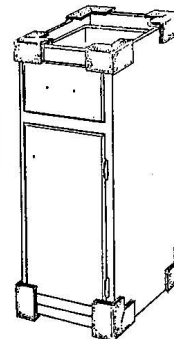

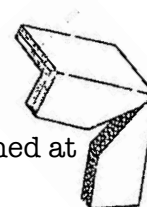

Available in kraft, as well as waxed and anti-abrasive coatings.

CORNER PAD:

Corner Pads give complete protection at vulnerable corners. Notched at the middle of the pad for flexibility.

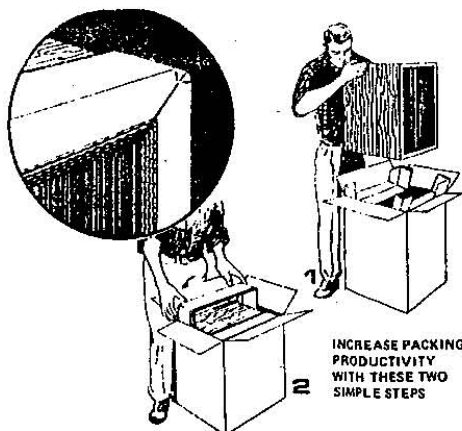

Available in kraft, as well as waxed and anti-abrasive coatings.

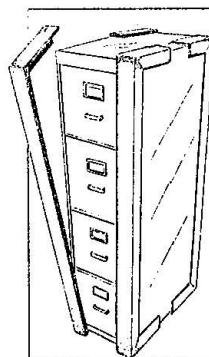

FRAME PAD:

Frame Pads are double notched to provide complete protection to top and bottom corners and edges. In conjunction with Angle Pads, your product would have complete protection.

Available in kraft, as well as waxed and anti-abrasive coatings.

 PRODUCTIVITY
 WITH THESE TWO
 SIMPLE STEPS

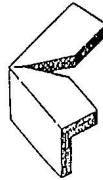

TYPICAL APPLICATIONS:

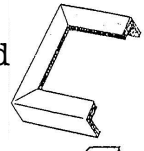

Cabinets, Window Frames, Furniture, Large Automotive Parts, Tables, Framed Art, Large Electronics (TVs, Monitors, Speakers, etc.), Anything that requires edge protection.

TYPICAL PRODUCT NAMES:

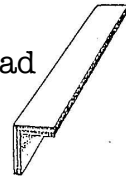

A-4 C 9" Corner Pad
 A-4 CW 8" Corner Pad
 WA-5 C 12" Corner Pad
 W-4 C 9" Corner Pad

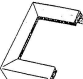

A-3 C 48" Frame Pad

A-4 CW 24" Angle Pad

Face Width	Plies	Corrugated	Inside Facing	Length	Type
A	4	Corrugated	Kraft	9"	Corner Pad 
A	4	Corrugated	"W" (Anti-Abrasive Coating or Waxed)	8"	Corner Pad 
WA	5	Corrugated	Kraft	12"	Corner Pad 
W	4	Corrugated	Kraft	9"	Corner Pad 
A	3	Corrugated	Kraft	48"	Frame Pad 
A	4	Corrugated	"W" (Anti-Abrasive Coating or Waxed)	24"	Angle Pad 

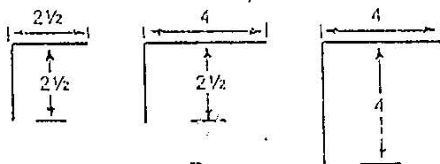

DESCRIPTIONS

FACE WIDTH-

"A" is 2 1/2" face width

"W" is 4" face width

"WA" is 4" and 2 1/2" face width

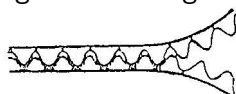

PLIES-

Pads are 2 ply up to 6 plies. Plies are A-Flute and each ply is 3/16" thick.

DOUBLE FACE CORRUGATED-

2 plies of singleface corrugated nested together.

INSIDE FACING-

This describes the inner facing sheet of a Corner, Angle, or Frame Pad.

C- Kraft linerboard

W- Anti-Abrasive Coating or Waxed

LENGTH-

The overall length of the Corner, Angle, or Frame Pad (in inches). The maximum length for all pads is 120".

TYPES-

Angle Pads aren't notched.

Corner Pads have a single V-notch in the center.

Frame Pads have two V-notches.
